New habits, new screens

Teens
Online 

In the past, teenagers were TV fans, but now the Internet is more popular. Teenagers' habits are different now because they've got new technologies at hand. Today, young people watch only 1 or 2 hours of TV a day, and they spend between 5 and 8 hours on the Internet. What do they do online? They usually watch videos on YouTube or TikTok, play online games, post photos or chat with friends. And do they do everything on their smartphones? It's true that teens prefer their smartphones to go online, but some of them use their computers or their tablets.

Today teenagers also watch films and series at any time via on demand services. They watch them on TV or on their tablets, smartphones or computers.

2 Read again and write **T** (for True) or **F** (for False).

- 1 These days teens never watch TV.
- 2 In the past, teens watched more hours of TV.
- 3 Today they spend more than two hours on the Internet.
- 4 They do a lot of things online.
- 5 They can watch series at any time.
- 6 Teens prefer to use their tablets to go online.

3  Ask and answer.

- 1 Do you watch TV? What do you watch? When? How many hours?
- 2 How many hours do you spend online? What do you do online?

1 Find the words and write.

action films afternoon always animated films chat with friends
sports programmes the news series usually watch music videos
morning never night play online games post photos read books
