Sheila Maine: When I was young, I lived on Réunion Island. There's a very big volcano there. I wanted to know more about volcanoes, so I studied geology and chemistry at university.

Fab Mag: Is it a very dangerous job?

Sheila Maine: Sometimes, but I don't only climb volcanoes. I spend a lot of time in the office studying information too.

Sheila Maine: Yes, when I'm on the volcano, I wear a special suit and a helmet.

Fab Mag: What's the most interesting part of your job?
